NOTICES

PRICE CALCULATIONS. If this Contract includes Goods and related Installation Services sold by unit of measurement, such as per square foot, the Price may include more Goods than the actual measurements of Your project area. The Price includes the total amount of Goods required by Cyprus Air to fulfill the Contract (including surplus materials and overages) (together the "Estimated Product") and the Installation Services required based upon this total amount of Goods. For instance, duct work may be estimated at 20 linear feet, and the Price would include Installation Services based upon the 20 linear feet of duct work. The total amount of Estimated Product is based upon the total Goods recommended by the Installer, based on the Installer's assessment of unique characteristics of Your project. If any usable Goods are left over, Cyprus Air may, at its discretion, initiate a Price adjustment. Cyprus Air will not adjust the Total Contract Amount for the related Installation Services. By signing this Contract You acknowledge You are aware of Your project area measurements and the amount of Estimated Product, and that the Estimated Product may exceed Your actual project area.

LEAD SAFE INFORMATION. Federal and applicable state laws require that You be provided with a lead hazard information pamphlet such as the Renovate Right: Important Lead Hazard Information for Families, Child Care Providers and Schools. By signing this Contract, You acknowledge having received a copy of this information pamphlet before work began informing You of the potential risk of the lead hazard exposure from renovation activity performed in Your dwelling unit or facility. A copy of the pamphlet is available at the following website: <https://www.epa.gov/sites/default/files/2020-09/documents/renovaterightbrochurecolor.pdf>.

PHOTO RELEASE. By signing this Contract, You grant to Cyprus Air, its representatives, and Installer the right to take and use photographs, videos, or other representations of the Project Address before and after the Installation Services and all work performed at the Project Address related to this Contract (the "Content"). Cyprus Air irrevocably keeps all rights (including the copyright), title, and interest in the Content for use in all markets and media, worldwide, in perpetuity. Cyprus Air can use the Content, in any form or medium, internally for any purpose (e.g., customer service, planning, and claims).

- j. Signing a certificate of completion upon satisfactory completion of the Services outlined in this Agreement.

Customer is responsible for validating "Cyprus Air Guarantees" such as "3 Year Money-Back Guarantee" by registering their product with the Guarantee Form within 90 days of installation. Failure to return a signed and completed Guarantee Form within 90 days of installation will prevent Customer from participating in this guarantee. In addition to this, Customer is responsible for registering their equipment directly with the manufacturer within 90 days of installation in order to keep their advertised manufacturer's warranty.

In the event that Customer wants to keep any of their old equipment that is removed during the course of the installation, it is the Customer's responsibility to send that request in writing to Contractor and receive a signed authorization prior to installation beginning. Authorization form must be signed by Customer and an Officer of Contractor. Customer understands that it is customary for all old or replaced equipment to be recycled or disposed of immediately after its removal from Customer property during an installation, and that the failure to provide a signed authorization form in advance of the installation beginning will make the removed property impossible to recover.

Customer must carry fire insurance and other necessary insurance and shall assume risk of loss or damage to equipment or material once it is in their possession, on their property, or otherwise set in place on a job.

Customer will be responsible for cost of labor to clear Work Area. Work Area(s), including attic and crawlspace areas, must be free and clear to allow work. Customer must remove from the Work Area and protect against any visitors, pets, guests, and minors from entering the work area.

Contractor shall not be responsible for compensating Customer as a result of damage to outdoor or indoor property, unless damage is found to have been a result of gross negligence on the part of Contractor.

Contractor shall not be liable for injuries to persons except in the event that said injuries are caused directly by gross negligence on the part of Contractor and/or employees of Contractor. If Customer attempts to assist in the performance of the Services in any way, then Customer will assume all risk and responsibility of any property damage or bodily harm that results from their performance.

Contractor shall not be responsible for the condition of existing pipes, piping, drains, pumps, drain pan, chimneys, or anything else detailed in the Pre-existing Conditions / Additional Work section, and any future damages due to failure, overflow or blockage of the aforementioned items.

Contractor shall not be responsible for performance of this contract in the event that there is a material change due to a typo, incorrect or outdated image, incorrect or outdated model number, or other unilateral mistake on the part of Contractor. In the event of a unilateral mistake this contract will be rescinded, and Contractor will contact Customer to formulate a new agreement.

Contractor will comply with all local and state requirements necessary for the Services.

Any changes, adjustments, modifications, or repairs made by anyone other than Contractor, shall terminate Contractor's obligations under this Contract as well as terminate all warranties.

Hazardous Substances

Any asbestos, asbestos containing materials, mold, or any other substance which Contractor, in its sole and reasonable discretion determines to be hazardous, while performing the scope of work outlined in the Agreement, may excuse, at the option of Contractor, performance of such work until such time as Customer retains a licensed abatement contractor to remove or contain such hazardous substance and Customer receives a proper certification for successful abatement. Delays caused by such events do not constitute abandonment and are not included in calculating time frames for payment or performance. Customer must schedule certified abatement within 90 days or pay Contractor the full value of the contract minus 10% until abatement is completed and Contractor is able to return to the property to complete the job, at which point Customer will be required to pay the remaining 10% balance upon successful installation. Customer is permitted one year from the date the hazard is discovered to have abatement completed at which point Contractor will have the option to cancel this contract in accordance with the cancellation terms set forth herein.

By signing this Agreement, Customer acknowledges that they have received a pamphlet with lead hazard information prior to Services commencing, and that Customer understands the potential risk of lead hazard exposure due to renovation activity performed on Customer's property. A copy of this pamphlet is also available at the following website:

<https://www.epa.gov/sites/default/files/2020-09/documents/renovaterightbrochurecolor.pdf>.

Assignment

Contractor may assign this Agreement and their contract duties to another responsible party in part or in full and shall have the right to subcontract with other persons, firms or corporations any of the services provided hereof without the consent of Customer. Customer may not assign or transfer their rights under this Agreement, unless specifically set forth herein.

Confidentiality

All data, pricing, design schemes and specifications included in proposal are deemed proprietary and confidential and may not be shared, copied, or distributed without written consent from an officer of Contractor.

Ownership of Goods

All materials not used in construction or otherwise left over after the installation has been completed are the property of Contractor. All equipment is the property of Contractor until the project has been completed and paid in full. All performance monitoring equipment, if provided, is the property of Contractor unless Customer has paid for the purchase of such equipment. Acceptance of this contract acknowledges ownership and grants permission for Contractor to return to the property and remove materials and equipment owned by Contractor. If, after payment, Customer's old or existing equipment needs to be reconnected, there will be a charge.

Marketing

The Customer has received a \$100 credit to their bill, that has already been factored into their final price and in doing so has reduced the cost of their bill by \$100, in exchange for their participation in the Cyprus Marketing Program which grants Contractor permission to put a yard sign in Customer's yard during installation as well as use photos, videos, or other media willfully captured during installation that depicts Customer's equipment installation, property, equipment, or likeness, in advertisements, commercial productions and in other marketing or sales materials. Customer may revoke this permission by sending written notice to Contractor prior to installation date at contracts@indoorcomfort.com. If Customer revokes such permission, however, the \$100 credit will be reversed, and Customer shall be responsible for payment of such \$100 to Contractor.

Promotions

Contractor provides you the benefit of an instant rebate. Water Damage Disclaimer

Contractor assumes no liability for any damages caused by water or other substances due to overflow or obstruction of any drain or otherwise unless the same is due solely to Contractor's action. Customer understands that if the equipment requires the use of water, either recirculated or otherwise, the water thus used may be or may become contaminated or cause corrosion. As neither the extent or nature of such contamination or corrosion can be predicted in advance, Contractor hereby assumes no liability for either the quality or condition of the once used water or for any damage that it may cause to the equipment.

In the event the Customer cancels or breaches this Sales Contract after the Buyer's Right to Cancel term has expired but before work has commenced, Contractor shall be entitled to an amount equal to 25% of the net amount of the contract in addition to holding Customer liable for any expenses incurred by Contractor in relation to the contracted work. Prices reflect all sales, coupons, and other special offers. The cost of any materials not included in the Contract Price shall be paid along with payment of the Contract Price. Customer waives all rights to set off and shall not be entitled to withhold payment of any amount due for any reason whatsoever. Any amount not paid when due shall incur a late fee of five percent (5%) of the amount then due. Returned checks will incur a \$50.00 charge. Payments overdue by more than ten (10) days may result in Contractor filing a mechanic's lien on the Premises and/or exercising other legal recourse.

Finance Charges

In the event that customer finances payment for the Services outlined in this Agreement, any finance charges such as interest payments are not determined by Contractor nor is Contractor a party to these agreements, which are determined by a separate agreement between Customer and their loan agreement. These payments are in addition to Customer's payments detailed in this Agreement, and Customer is subject to the terms and conditions of loan agreements as applicable. Financing rates and monthly payment quotes are approximations and may not be exact, and all financing information is valid only after approval by the financing company it's listed with.

Equipment manufacturers require annual maintenance and may terminate your equipment warranties if Customer doesn't receive and show proof of annual maintenance from a qualified third party. Failure to do so will void some or all equipment warranties. If an annual maintenance check is not performed within 1 calendar year of the previous check, the labor portion of the warranty will be cancelled. It is Customer's responsibility to have the maintenance performed. All accessories and enhancements have a one-year warranty.

Severability

Should an arbitrator, court, or other interpreting entity determine that a provision of this Contract is contrary to an applicable law, such unlawful provision shall be ineffective without invalidating the other provisions, which shall remain in full force and effect.

Entire Agreement

It is agreed that the terms herein set forth in this Agreement and any attached schedules constitute the entire, complete and exclusive agreement between Contractor and Customer, and that no waiver, modification, alteration or termination thereof shall be permitted unless otherwise set forth herein or as set forth in writing signed by Customer and an officer or director of Contractor. This Agreement, and any proposals or service orders provided by Contractor ("Contract Documents"), represent the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. No course of performance, course of conduct, course of dealing, usage of trade, or any other evidence of different or additional terms shall be admissible to change or alter any term(s) in this Agreement.

Liens

If Customer makes all payments as required by this Agreement, then no liens or other security interest will be placed against Customer's property. However, in the event that a security interest is placed on Customer's property, it will create a lien or other claim against Customer's property in an attempt to secure payment owed to Contractor. This may cause a loss of Customer's property if Customer fails to pay the payments required by this Agreement. After Customer pays for the Services in full they should request from Contractor a waiver that releases any right to place claims against Customer's property.

ARBITRATION AGREEMENT, WAIVER OF JURY TRIAL, AND WAIVER OF CLASS ACTION RIGHTS

Contractor wants to keep You as a customer, and Contractor resolves most questions and complaints informally. All claims related to this Contract by Contractor or by You, Your agents, insureds or assigns, which You and Contractor cannot resolve informally shall proceed to binding arbitration conducted by a single arbitrator under the current applicable rules, procedures, and protocols of the American Arbitration Association ("AAA") (www.adr.org). You agree that if AAA is unable or unwilling to arbitrate the matter, You and Contractor will agree upon a single arbitrator with a nationally recognized arbitration firm to arbitrate the matter. Claims subject to binding arbitration include:

- a. all claims in any way related to the signing of this arbitration agreement, the validity or scope of this arbitration agreement, or any attempt to set aside this arbitration agreement;
- b. all federal or state law claims relating in any way to this Contract (including this arbitration agreement), the information You gave Contractor before entering into this Contract, and any past agreement or agreements between You and Contractor;
- c. all counterclaims, cross-claims, and third-party claims;
- d. all common law claims of any kind including claims based upon alleged product defect, contract, tort, fraud, or other intentional torts;
- e. all claims based upon a violation of any state or federal constitution, statute, or regulation;
- f. all claims asserted by Contractor against You, including claims for money damages to collect any sum Contractor claims You owe;
- g. all claims asserted by You individually against Contractor or any of Contractor employees, agents, directors, officers, shareholders, managers, members, parent company, or affiliated entities (collectively the "related third parties") or the Contractor, including claims for money damages and/or equitable or injunctive relief;
- h. all claims asserted on Your behalf by another person;
- i. all claims asserted by or on behalf of You as a private attorney general against Contractor, related third parties or the Contractor;
- j. all claims arising from or relating directly or indirectly to the disclosure by Contractor, related third parties or the Contractor of any non-public personal information about You; and
- k. all other claims related to this Contract whether or not set forth above.

Binding arbitration means that You waive: (1) any right to a jury trial; (2) any right to bring a lawsuit in a court (other than a small claims court as described above); and (3) any right to seek relief in any other way. An arbitrator will decide any claim. You agree that binding arbitration provides a simple, cost effective method to resolve disputes quickly.

You agree that (1) You cannot pursue a class action lawsuit or class action arbitration of any type, (2) no one can pursue a class action lawsuit or class action arbitration of any type on Your behalf, and (3) a Court or arbitrator(s) cannot order class action proceedings under this Contract. You further agree that there shall be no joinder of parties, except for joinder of parties to the transaction covered by this Contract. By agreeing to binding arbitration You and Contractor waive any right to bring or participate in a class action lawsuit or class action arbitration regarding any claim.

The place of arbitration shall be Alexandria, Virginia, however, the arbitration may be conducted remotely or by phone so that Customer does not need to travel to

Alexandria, Virginia. Any fees charged by the arbitration service or arbitrator shall be split equally between Contractor and Customer. Claims shall be heard by a single arbitrator. The arbitration shall be governed by the laws of the Commonwealth of Virginia. If the dispute is less than \$25,000 there shall be no discovery other than the exchange of documents. If the dispute is over \$25,000, discovery shall consist of no more than 2 depositions of 3 hours or less. The award shall be made within 3 months of the filing of the notice of intention to arbitrate (demand), and the arbitrator(s) shall agree to comply with this schedule before accepting appointment. However, this time limit may be extended by the arbitrator for good cause shown, or by mutual agreement of the parties. You and Contractor are each responsible for your own attorneys' fees and other expenses, such as witness and expert witness fees and one-half the arbitrator fee. The arbitrator does not have the authority to allocate payment or an award of attorneys' fees to either you or the Contractor regardless of the outcome of arbitration. Accordingly, in no event will the arbitrator award attorneys' fees to either party regardless of the outcome or cause of action upon which the claim is based. Either party may request that the arbitrator provide a written explanation of the award, consistent with the then current rules, procedures, and protocols of the arbitration entity selected by the parties. Any court having jurisdiction may receive and enforce the arbitrator's award. The parties agree that failure or refusal of a party to pay its required share of the deposits for arbitrator compensation or administrative charges shall constitute a waiver by that party to present evidence or cross-examine witness. In such event, the other party shall be required to present evidence and legal argument as the arbitrator(s) may require for the making of an award. Such waiver shall not allow for a default judgment against the non-paying party in the absence of evidence presented as provided for above. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY. STARTING THE ARBITRATION PROCESS: For this Section, Customer is referred to as "You."

MAINTENANCE PLAN PROGRAM TERMS AND CONDITIONS

12-Month Annual Maintenance Contract

This agreement is a 12-month agreement that renews automatically for an additional 12-month period, at the end of the initial 12-month term, unless cancelled in accordance with the cancellation and termination terms below. Payments are made on a monthly basis; however, all Cyprus Maintenance Contracts are for a period of 12 months.

Planned Maintenance

This agreement includes planned maintenance inspection every year to help prevent breakdowns & maintain efficiency. During these visit/s, we will inspect & advise you of any needed repair. No repairs will be made without your approval. In addition, you will receive a 15% discount on any repair parts as well as priority service, unless your specific Maintenance Plan specifies otherwise. Cyprus Maintenance Plan members receive priority on all repairs and will be serviced prior to non-membership customers. Service calls & labor for repairs to be charged at prevailing rates

Fees and Billing

The membership fee will be billed at the beginning of your membership & on each month thereafter until you cancel your membership. We will automatically bill your Payment Method on the first day of each month, but from time to time the payment date may be within 7 business days before or after the first on the month.

You acknowledge that the amount billed each month may vary from month to month due to promotional offers, differing amounts due to changes in your membership plan & changes in the amount of applicable sales tax.

All fees & charges are nonrefundable & there are no refunds or credits for partially used periods. There will be a price increase equal to between 2% and 10% to adjust for inflation and other market updates at the end of each 12-month period, however we will give you advance notice of these changes by e-mail or mail.

If you want to use a different Payment Method or if there is a change in your credit card validity or expiration date, you must notify Cyprus Air by phone, e-mail or mail. If your payment Method reaches its expiration date, your continued use of the service constitutes your authorization for us to continue billing that Payment Method & you will remain responsible for any uncollected amounts.

Ongoing Membership

Your Maintenance Agreement will continue in effect unless you cancel your membership, or we terminate it. You must cancel your membership before it renews each anniversary year in order to avoid billing of the next year's membership fees to your payment method. We will bill the monthly membership fee plus any applicable tax to the Payment Method you provide to us during registration (or to a different Payment Method if you change your account information). Prices subject to change.

In the event of early termination, including but not limited to termination that's the result of Customer moving residences, Cyprus Air has permission from you to charge any outstanding balance due to Cyprus Air with credit card or checking account information on file.

In the event Customer receives a discount as incentive to sign up for the Maintenance Plan, and the Customer terminates said Maintenance Plan within 12 months, Customer will be required to either pay back the discount or pay the remaining balance due on the 12-month agreement. In order for the termination to take place, Customer's account must show a zero balance with no outstanding dues. Anniversary Date is 12 months or 365 days after the date you signed this contract.

We reserve the right to terminate your account if it is found that you are misusing, altering, abusing, neglecting, or otherwise causing damage to the system. All manufacturers require maintenance, or they can void their warranties.
